BENEFITS

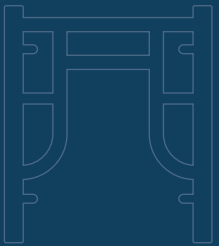

OF RENTING FROM A CONTRACTOR

AN INSIDE PERCEPTIVE ON YOUR RENTAL NEEDS

“Our Rental Team is dedicated to providing the resources we couldn’t find as a smaller company renting all our scaffolding material. We feel when renting the attitude should be, *‘a frame is a frame and a brace is a brace’*. Unlike the other strictly-rental companies, if you need to rent just a single plank we will rent you a single plank, and if you need assistance planning we are happy to provide help and suggestions.”
